In contrast with those merchants who think that success in business requires them to charge just as much for a thing as they possibly can get for it, we take the opposite course. The cheaper we sell our goods, the greater the increase in our business and the better it pleases us. We firmly believe we could mark up our entire stock fully 15 per cent. without the slightest danger of being undersold by any competitor. If you save thirty, forty or fifty dollars a year by exercising good judgment in purchasing your Clothing, it counts just the same as an increase of income or wages to the same amount, and enables you to possess other articles of necessity which otherwise you would have to go without. We have an enormous stock for you to select from, and our PRICES WE GUARANTEE TO BE THE VERY LOWEST IN THE CITY. Our Boys' and Children's Department is stocked with all the Novelties of the Season. We carry undoubtedly the largest Stock in the South. We make this a leading feature in our business. We have all the styles imaginable, from th Common Every-day Suit to the Finest Dress Suit made. Ladies, bring your Boys to us, and we will fit them out handsomely, and, as fer prices, you will save a good margin by trading with us.
